

- New Home, Who Dis? -

Welcome home!

We know rescue pups come with big hearts... and sometimes big fears, too. That's why our Rescue Dog/Newly Adopted Program is designed to help your new family member feel safe, loved, and gently introduced to the world of grooming, without stress, pressure, or scary first impressions.

Over the course of 6 weeks (with the option to extend to 8 if needed), your dog will build a relationship with one dedicated groomer at their own pace. We'll start with a gentle behavioural assessment, then move into trust-building, soft handling, and slow, positive exposure to grooming tools like brushes, nail clippers, and warm baths. By the end, your pup will be feeling confident, pampered, and ready for their full groom—tail wags and all.

Timeline Breakdown

Week 1: Welcome assessment + bonding time
Weeks 2-4: Relationship building + slow intros to grooming tools
Weeks 5-6: Full groom adapted to your dog's comfort and confidence
(Optional Weeks 7-8 if we feel your pup needs a little more time – we're in no rush)

💡 To keep progress smooth, this program must begin within 30 days of adoption. Whether they're shy, spicy, or just adjusting to their new life, we'll meet your pup with patience, kindness, and way too many treats.

Price: \$400
